Dear Amy,

Thank you for reaching out to us yesterday with your request and for the information you provided today. I was able to discuss the details with my manager Gustavo, and we would like to present you with this proposal.

The machine being presented is a restored Ricoh Savin MPC 4504 w/ copy, print, and scan. This is a color machine and it operates at 45 pages per minute!

We have prepared a 39 month Traditional lease option on this machine. The Traditional lease doesn't require any money down, however does require 3rd party credit approval. The monthly maintenance agreement would include 3,000 black and white copies per month as well as also include all maintenance, toners, service calls, parts and labor. We are happy to present this option for your review and consideration.

We here at RDS pride ourselves on our flexibility and our ability to match our customers needs with a plan that works for them. You can check us out on the web at www.rdsteam.com or click on (or copy/paste) this link to take a virtual tour of our warehouse in Miami: <https://www.youtube.com/watch?v=1gXzR6lsqwx>

Upon your approval, we will deliver, install, configure, and connect the proposed equipment. I will contact you to confirm receipt of this proposal and schedule a follow up conversation. We are looking forward to working with you and your team for many more years to come.
