**RE: Short Term Rental in Orlando ( 1/5/2022 – 1/9/2022 )**

Dear Andy,

Thank you for the opportunity to present a short term rental proposal for your company. We appreciate the opportunity and look forward to working with you.

This proposal from Restored Digital Solutions, presents you with the option that we recommend for your rental period needs.

One of the "Value-added" items of doing business with RDS is the increased flexibility you will have in managing your future growth and direction with regard to document flow, hard copy output, electronic storage, distribution and communication.

After analyzing your needs and applications, we are proposing an option to help you enhance the savings while satisfying the copying and printing needs of your rental period.

The featured product in this proposal is the Restored Ricoh Savin MPC 4504. This is a 45 page per minute BW and Color floor display machine that will include copy, print, and scan. We will also include 500 black and white copies and 1,000 color copies during the rental period.

Upon your approval, we will draw up the paperwork. We are looking forward to working with you and your team.

**Restored Digital Solutions**

Sincerely  
Robbin Imes  
Client Relationship Manager
