(561) 612-6524, MONDAY- FRIDAY, WWW.FCHCINC.ORG

Welcome to Florida Community Health Centers (FCHC), Inc. Dr. Judith Louis! FCHC is a community-based organization that offers essential primary and preventive services to the whole community without discrimination and has created a "one-stop shop" for patients providing pediatric, adult primary, dental, OB/GYN and pharmacy services, with an option to have prescriptions delivered by mail. At FCHC patients benefit from a "medical home" model, where they may access and benefit from FCHC's extensive array of health care clinicians and services at each location.

Dr. Judith Louis was born in Haiti. By trade she is a Medical Doctor, specializing in Family Practice. She graduated from Grand Canyon University with a Doctor of Nursing and received her Master's Degree of Science of Nursing from Florida International University. After her residency as a Family Medicine Physician in 2005, she chose to work at local Public Community Health Centers to ensure that needs of vulnerable populations in the community were met.

Dr. Judith Louis later relocated to Florida and joined FCHC working at the West Palm Beach Health Center where she provides primary care to adults and families. On a personal note, Dr. Judith Louis loves outdoor activities, volunteering for community services, reading, and shopping with her children. In her words, "keeping patients safe and healthy by providing high-quality patient care and building trusting relationships makes me a great provider."
