Dear Daniel,

Good morning. My name is Robbin and I am Gustavo's assistant here at RDS. He mentioned how much he enjoyed speaking with you today about your copier request and he asked that I send over to you our proposal for your review and consideration.

The machines being presented are the restored Ricoh Savin MPC 4504 and the new Brother MFC-L6900. Gustavo mentioned that you are needing a large machine and then a couple of the Brother desktop machines. That is great! We are excited to work with you!

We have prepared a Month to Month RDS in house lease option for your consideration on both machines. The RDS leases do not require credit approval, however we do require a refundable security deposit on the machine. The monthly maintenance agreement tied to the lease would include 3,000 black and white copies and 250 color copies per month on the MPC 4504 and 1,000 black and white copies on each of the L6900's. Our maintenance agreement also includes all maintenance, toners, service calls, parts and labor. Our in house leases are also cancelable with a 30 day written notice, with no penalty. We are happy to present these options for your review and consideration.

We here at RDS pride ourselves on our flexibility and our ability to match our customers needs with a plan that works for them. You can check us out on the web at www.rdsteam.com or click on (or copy/paste) this link to take a virtual tour of our warehouse in Miami: <https://www.youtube.com/watch?v=1gXzR6lsqxw>

Upon your approval, we will deliver, install, configure, and connect the proposed equipment. I will contact you to confirm receipt of this proposal and schedule a follow up conversation. We are looking forward to working with you and your team for many more years to come.

Restored Digital Solutions

Sincerely
Robbin Imes
Customer Relationship Liaison

Restored Ricoh Savin MPC 4504 Color Multifunction

The restored Ricoh Savin MPC 4504 Black and White and Color model is a full color digital multifunctional solution that offers capabilities for exceptional quality and performance.
