We have partnered with **accuhealth® & T-Mobile®** to provide a Free Telehealth Tablet, Free **Remote Patient Monitoring Equipment**, and access to a **Free 24/7 Nurse Hotline!**

***You have enough to worry  
about, let us make this  
part easier***

**RPM Devices are easy to  
use, accurate and reliable.**

- RPM Device will record and automatically save the data your Dr needs to help you Thrive!
- RPM Glucometer includes free monthly test strips mailed to your home.

**Mama Thrive** provides guidance and resources for Virtual Care, so you can thrive throughout your pregnancy from the comfort of your home.

We will work with your OB doctor or help you find one.

Avoid complications and expensive Dr office calls.

Monitor your vital signs easier with Accuhealth's RPM Devices and call their 24/7 Nurses from home.
